

## About Mission Gate Ministry

For nearly 30 years, Mission Gate has been making a positive impact in the lives of men and women by providing safe Christ-centered affordable housing for up to 90 ex-offenders or recovering addicts.

We currently operate 5 guest homes with a capacity of 35 residents in St. Louis and another 55 in our cabins at the Fort Good Shepherd Ranch in Cuba, MO.

Our skilled counselors, pastors, mentors and GED instructors guide our residents through the life skills needed for success.

**Mission Gate  
Prison Ministry  
Re-Entry Program  
for Women**

## *Regeneration*

*Crystal's House*, named after our late missionary working alongside us for 20 years, is a Christ-centered transitional after-care program to help residents transition back into society.

Upon arrival, residents share a room and common areas in the single family house. After a period of time, each will have the opportunity to graduate to an apartment shared with one other resident in our 4 family flat.

The home is overseen by an in-house

*Turning Lives from Crime to Christ  
Since 1985*

## *Rehabilitation.*

resident supervisor, mentors and senior residents who assure essential needs are met and assist in spiritual guidance.

Professional caring staff and volunteers provide initial food, clothing, personal care items, identification, job location assistance and preparation, initial transportation to Probation & Parole, and other reasonable emergency needs. We also provide referrals to community resources and local churches.

The *Crystal's House* Guest House Program is an intensely personal effort of at least 6 months. Some residents choose to stay after the end of the 6 month program. Hannah's Ranch, still in the planning stage, will be the next step for women to be reunited with their children.

***EQUIPPING RESIDENTS –  
SPIRITUALLY, PHYSICALLY,  
EMOTIONALLY, FINANCIALLY  
AND VOCATIONALLY***
