MEMORANDUM OF UNDERSTANDING

This is my personal statement that I, _____, understand that the Mission Gate residential aftercare program is a nine-month program. If accepted and if this home plan is approved by the Missouri Department of Probation and Parole, I commit to complete the program in its entirety. I fully understand that if I do not complete the entire nine-month program that I will most likely receive a violation(s) from the Missouri Department of Probation and Parole, be placed on electronic monitoring, have my parole revoked, or be sent to a Missouri Community Release Center.

I understand that Mission Gate is a Christian-based organization that teaches Biblical principles. By signing this commitment form, I am agreeing that abiding by these principles is the main motivation for my reason to change my life. **I have read the rules and guidelines of the program** and desire to have structure in my life during my reintegration process. I understand that I can be terminated from the program for breaking any rules, which will be reported to the Missouri Department of Probation and Parole, including, but not limited to cursing, lack of respect for authority and negativity. I also understand that there is zero tolerance for drug and alcohol use, including any synthetic drugs. If I violate this commitment by *using*, I will not be able to return to Mission Gate, even if I attend an inpatient treatment program.

In addition, I realize the importance of remaining relationship-free for nine months so that I can continue positive changes within myself. Working on changes within me will be my main focus. I also understand the financial commitments of this faith-based residential program. In addition to the housing/program fees, I understand that I will pay for my own transportation costs going to and from work and appointments once I receive employment.

I understand that my supervising probation and parole officer considers the Mission Gate/Fort Good Shepherd program a supervision strategy (#9) in regards to the *Orders of Supervision* provided to me by either the Board of Parole or the court that retains jurisdiction of my case. I understand that upon signing this document that the Mission Gate/Fort Good Shepherd program is a faith-based program that I have entered into willingly and that my supervising officer considers this program to be a supervision strategy (#9). Upon termination or premature departure from the program, I will receive a violation of, at the very least, condition #9 and accept any and all repercussions of my actions. In addition to the faith-based component, Mission Gate/Fort Good Shepherd also offers GED preparation, employment placement assistance, residency, transportation, job readiness skills, substance abuse treatment, anger management classes, individual counseling and financial planning classes. It is these components that my supervising officer considers to be a supervision strategy. I am under no obligation to participate in this program; however, once I have committed to this program, I will be expected to complete it. My supervising officer, in order to promote stability and accountability, will require completing this program.

I understand that I am expected to be an asset to Mission Gate, the community and the local church and I will try my hardest to do so.
